

2022 IMPACT REPORT

SERVING THE COMMUNITY WITH GRATITUDE

In 2022 our residents completed a combined total of **1544** hours of service work for our community partners.

During the 2022 year, we have helped over **225** unique individuals with our various programs supported by **7 full-time** and **5 part-time** staff.

Our community farm continues to be a blessing not only to us, but to those around us. Over **800 lbs.** of fresh produce was donated again this year to our partners and other local service agencies.

During 2021 & 2022 we recorded and published **17 episodes** of The Recovery Connection podcast.

ADDICTION TO CONNECTION

As the need for services continues to rise, applications to our long-term addiction treatment program have increased by **27%** - totaling **170 submissions** this past year.

We can rejoice that in 2022 Jericho Road's addiction treatment programs have reduced health care and societal costs by up to **\$840,000**.

Thanks to the generous support we receive, this impact continues to grow.
